---

**National Institute of Chemistry offers a PhD program in the field of inorganic and inorganic-organic hybrid materials for storage and separation of CO<sub>2</sub>**

PhD theme: Synthesis and characterisation of inorganic materials for energy and environmental applications

Supervisor: dr. Matjaz Mazaj, Department of Inorganic Chemistry and Technology, National Institute of Chemistry, Ljubljana, Slovenia

Starting date: 1.10. 2018

Candidates should hold or expect to hold (up to September, 15) master degree in Chemistry, Physical Chemistry or related subject area.

Deadline for application: August 20, 2018 but the position may be filled before then so please apply as soon as possible.
